## 2010

---

**High School** – March 20-23, \$40      -      **Middle School** – March 24-26, \$30

This spring break First Presbyterian Student Ministries will be offering our second annual Urban Immersion mission experience in Colorado Springs. The goal of Urban Immersion is to help students connect with the heart of God as they connect with those who are homeless and plagued by poverty. It is fairly easy to disconnect from the poor in our community and Urban Immersion will give our students a chance to walk in their shoes and learn about their particular struggles.

Students will sleep in the First Pres Weber Street Center and have opportunities to serve in several locations over the course of the experience which could include the Springs Rescue Mission, Marion House, and Care & Share, and hear from those who work daily with these folks. We will spend a lot of time processing what we see and hear through our experiences.

We believe it is important for our students to understand the needs and serve in our local community before we venture out to serve elsewhere. If your student is planning to go on the New Orleans or Kansas City mission trips this would be a great first experience to open their eyes to missions.
